Mrs. Croom graduated from high school in the spring of 1919. In the fall of that same year, she started teaching school. She had no diploma; only the score of a teacher's examination that was required for all teachers at that time. Since then she has had further schooling and received her diploma in elementary education and her teacher's certificate. She has taught school forty-two years, the past nineteen of which were taught at Plainview.

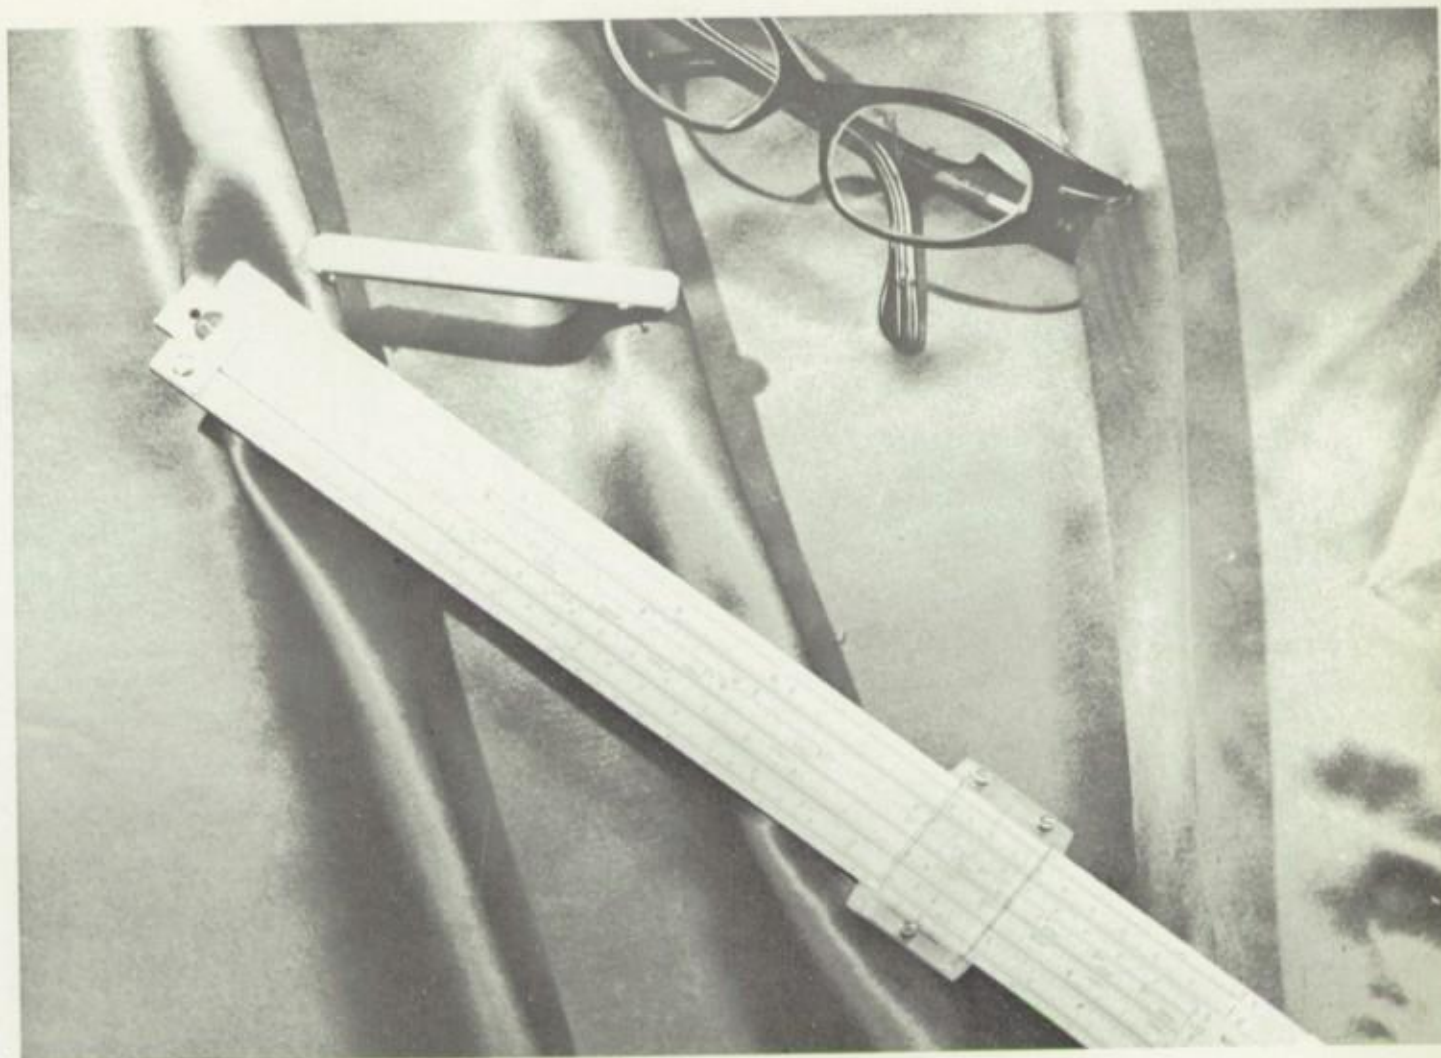

DEDICATION

To Mrs. Croom, we dedicate this annual.

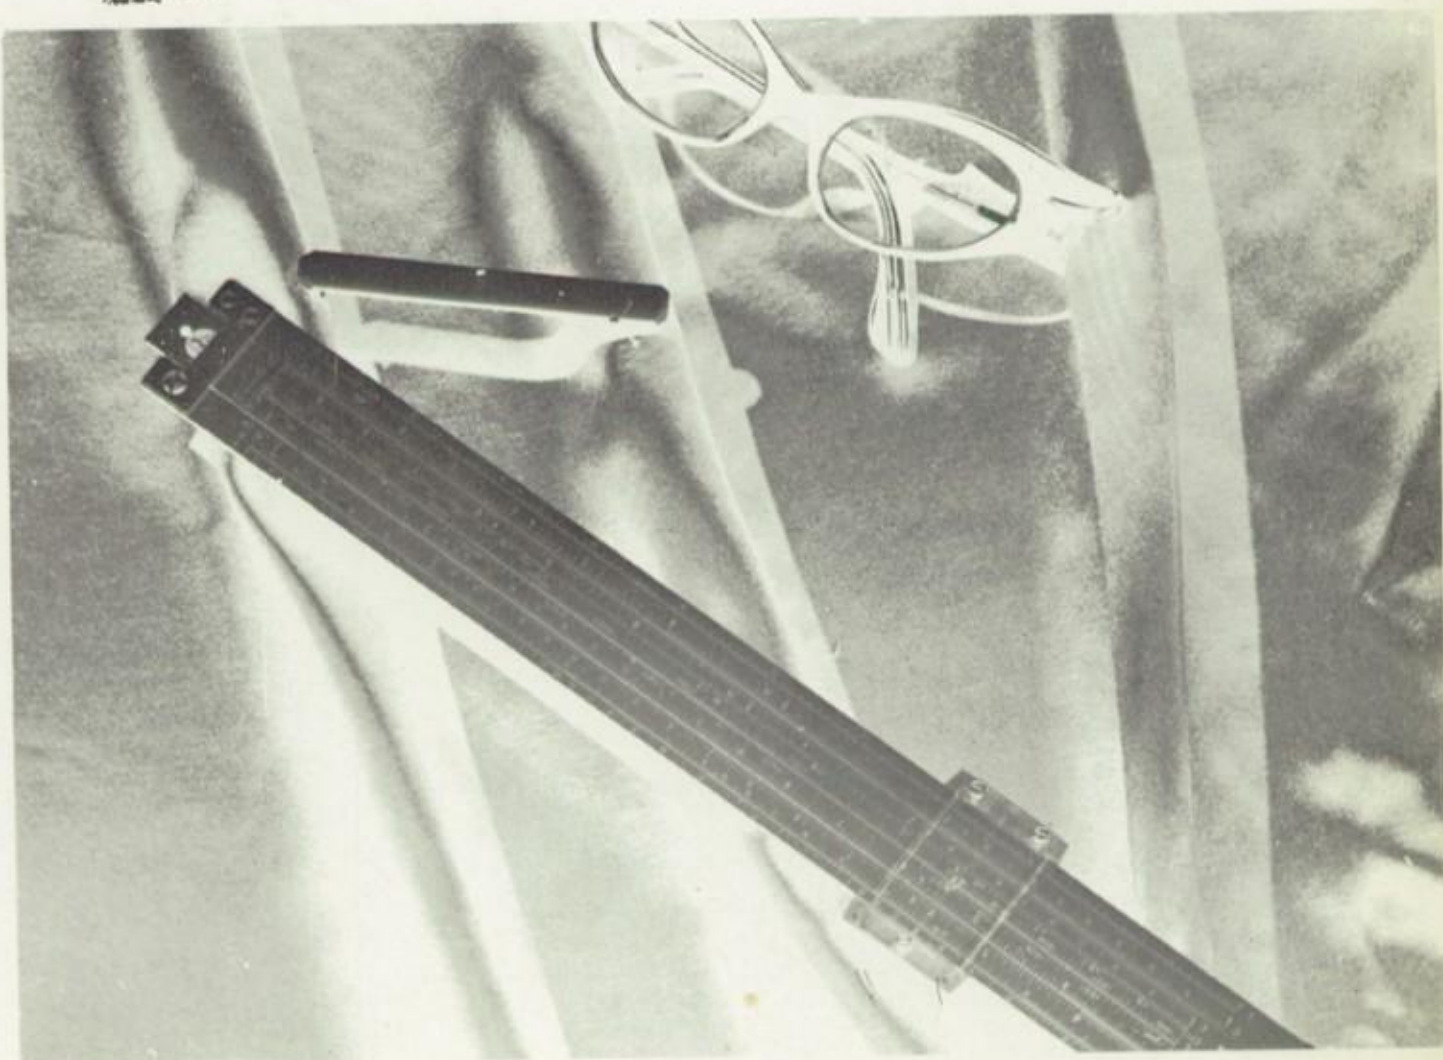

In the words of one of her former students, we of the annual staff "sum up" our feelings for her: "She is the grandest person I have ever known."

In one year Mrs. Croom will be leaving her first grade room to the years of retirement. For many, though, her spirit will remain.

PLAINVIEW CHORALE GROUP

The newly reorganized chorale group at Plainview this year has presented several programs and has been involved with contests in the district, too. This fine group will also sing at all the graduation ceremonies.

SENIOR PLAY REVUE

The curtain closes on the final love scene.

The senior play, "The Thread That Runs So True" by Richard Lawrence was presented on November 14, 1964, in the high school auditorium. This play was a dramatization of Jesse Sturat's novel about his own experiences as a beginning school teacher in the Kentucky Mountains. It was presented during National Education Week as a tribute to teachers everywhere.

The entire class was cast in the production with Mrs. Betty Hammer and Mr. James Folsum directing. We seniors enjoyed working on this play, and everyone who saw the production was pleased with it.

Grandma Binion's word in the spelling will determine the contest!!!!!!

Our Plainview Community Club meets monthly during the school year in a joint effort to provide better education. Support and campaigning for school legislation were among the first activities of the Club this year. Funds to provide various material needs throughout the school were raised by the school carnival. The Health Committee within the Community Club made periodic checks on the students in co-operation with the County Health Dept. and the local Medical Association. Our civic obligation was recognized with the benefit dinner which has provided the greatest contribution in this area. Plainview Community Club--PCC--provided co-operative Communication outside our school as well as between parent and teacher to benefit all who participate and their children.

On the same night of the carnival an all male "Queen for a Day" was held. Above are some pictures of the cast.

Members of the sixth grade class present a special portion of the jr. -sr. high school play.
